HIPAA 837 Claims Processing

Electronic Billing of

Third Party Insurance Claims

27 October 2003
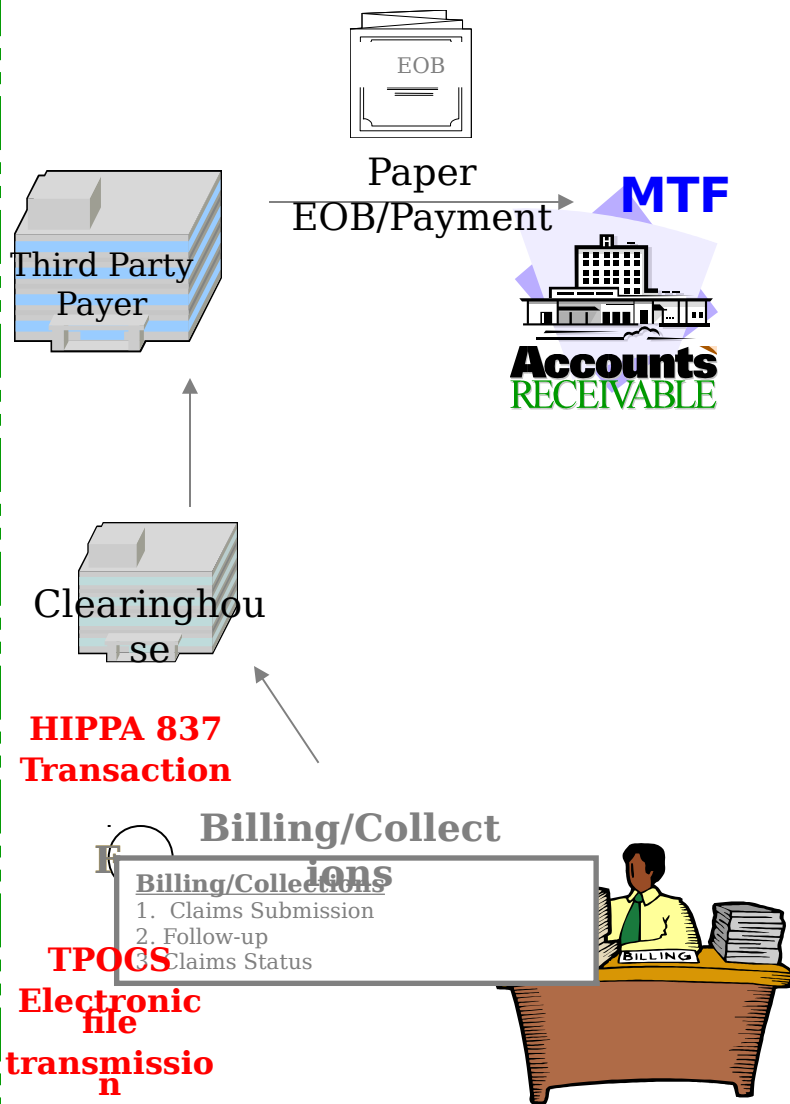

ACS Federal Healthcare, Inc.

Purpose

The Purpose of the HIPAA 837 Claims Processing training is to ensure that all the required data for the X12 837 Professional and Institutional Claims are provided to TPOCS. This will provide compliant 837 transaction for claims processing.

TPOCS is the MHS standard system for the processing of third-party claims for outpatient services, and supports billing processes. TPOCS sends the data captured to the clearinghouse to allow electronic billing for claims.
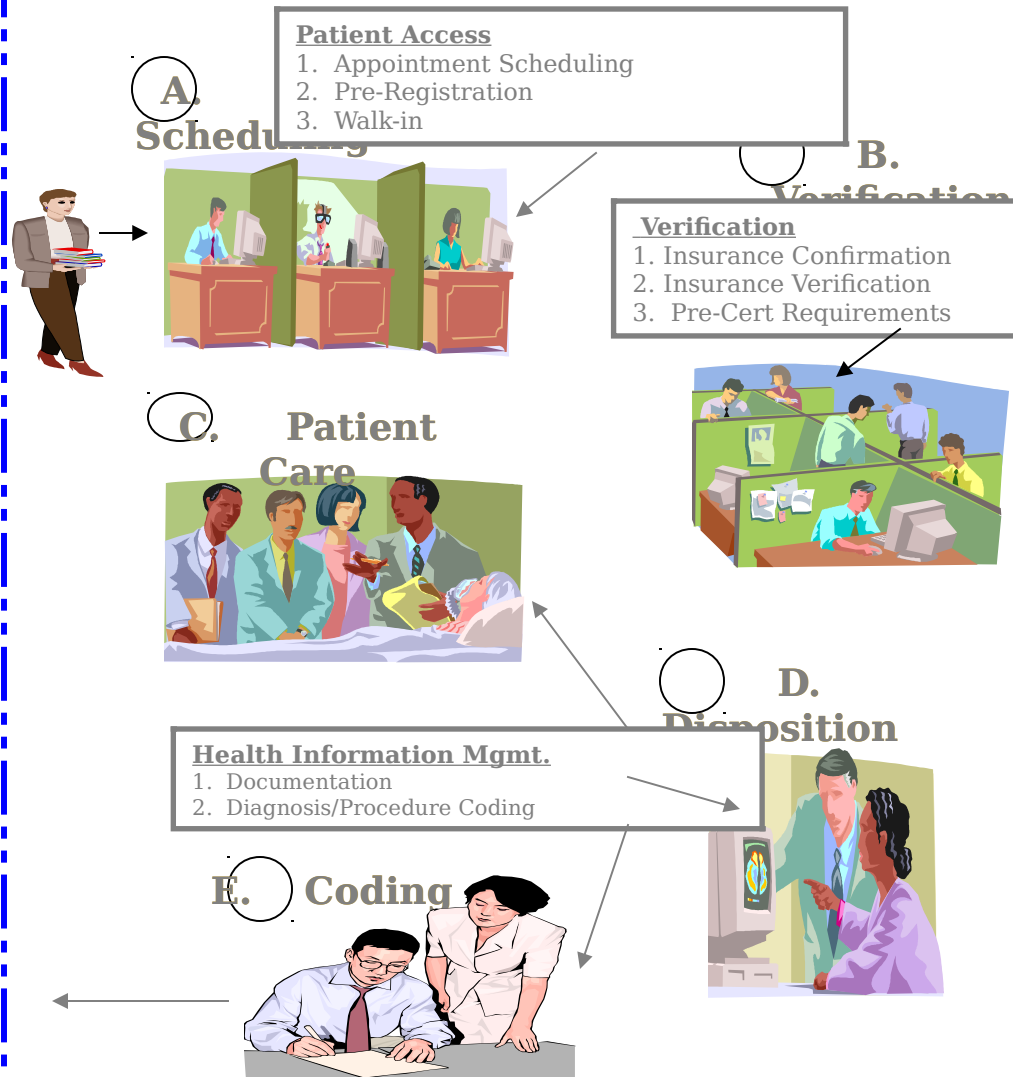

Benefits of Electronic Billing

◇ Standardizes Data Requirements & Format

◇ Increases Patient, Insurance, Coding and Billing Data Accuracy

◇ Increases security of Patient Health Information

◇ Eliminates costs and delays associated with paper documents

◇ Reduces initial claims rejections and increase collections

◇ Shortens waiting periods for reimbursement to MTF
